ISD Division

LEGISLATION WHITE PAPER

Council Meeting Date: March 21, 2005

Legislation Title: A Resolution authorizing the Purchase of Office and Cubicle Furniture for the Department of Aviation in an amount not to exceed \$53,762.84

Justification Statement: The Division is moving towards in-house maintenance of critical and enterprise systems in addition to implementing and introducing new technology. This has necessitated an increase of staff in diverse areas to fully address these needs. The furniture is required to comfortably accommodate new staff members and to ensure adequate seating facilities for current staff. The space provided will house twenty-one positions. This includes but not limited to: Eleven(11) new cubicles, four (6) offices, and four (4) positions for the Network Operations Center (NOC).

Background: DOA has relied on appropriate technology to meet its objectives. ISD has grown continuously over the past years and continue to provide the necessary support to maintain the availability of such systems. The current organization demand has determined additional staff competent in diverse areas in order to meet the organization's goals and objectives. This has resulted in the increase in staff numbers and with it decreased allocated space per employee.

Fund Account Center: 2H21 Airport Renewal & Extension Fund, 575001 Equipment, R12006 Aviation System Administration

Method of Cost Recovery: Not Applicable

SUBJECT: Requisition R1205316 – Workplace Design, Inc.
DOA is requesting that legislation be submitted to council for office and cubicle furniture for the Department of Aviation, Information Services Division (ISD) Expansion for \$53,762.84, from state contract number S030748.

The Information Services Division has experienced a growth in staffing over the past few years in order to handle the in-house maintenance of various critical and enterprise systems, as well as implementing and introducing new technologies. This growth has resulted in a decrease of allocated space per employee. Additional office space and furniture are needed to accommodate current and new staff members. The new areas will house twenty-one position, eleven new cubicles, four offices, and a new Network Operations Center (NOC), with four staff positions.

Thank you for your assistance concerning this matter. Please do not hesitate to contact Yolonda Paschall with any questions you may have at (404) 209-2945 Ext. 166.
